

Telling Image Films is a full service production company located in Times Square, New York City, producing documentary and comedy programming, corporate and web content and narrative shorts.

Our team has over 20 years of combined experience working with the major broadcasters (PBS, Discovery Channel, National Geographic, The History Channel, Channel Four UK, and many other clients across the US, Canadian and British markets) Telling Image Films is a solid partner with which to develop, produce and deliver your HD content. Our talented team produces and delivers award-winning work on time and on budget.

Our production offices, with on-site edit suite, lets us produce spectacular work efficiently and cost effectively, while our in-house talent allows us the flexibility to produce a range of projects of varying scale and length simultaneously. When needed, we utilize our extensive network of NYC's most professional and talented crews, bringing in specialists from every aspect of production. Whatever the scale of your project, we tailor our team to your needs.
